4. DISCUSSION

A. Committee of the Whole: 2016-17 Superintendent’s Comprehensive Budget

Mr. DeFeo shared that mandatory expenditure adjustments will be voted on as a whole unless a Board member desires to discuss or vote on an item individually. Optional expenditure items will be considered individually. The Board Chair will read each item and each Board member will vote in favor of or opposed to the item. Recommendations from Board Committees will be considered. Later in Business session, a vote will be taken on this as a whole. Amendments may be made by Board members now or during the Business session.

Mandatory Expenditure Adjustments

The recommendation from the Finance Committee is to approve all of the mandatory expenditure adjustments as presented, and add the AED Replacement from the optional list. All Board members voted in favor of this recommendation and it was approved unanimously.

Optional Expenditure Adjustments

~2% salary increase for employees not eligible for a step – The Finance Committee recommends this item. The Human Resources Committee does not recommend this item. The vote failed as follows: opposed – Heniford, Todd, Winters, Morreale, Cox, Graham, and Timms; in favor – Poston, James, and Garland.

~ Personalized digital learning expansion to 3rd & 4th grades – This item will not be voted on because it has already been budgeted and the Technology Committee has not recommended any changes.

The vote failed as follows: opposed – Heniford, Todd, Winters, Morreale, Cox, and Timms; in favor – Graham, Poston, James, and Garland.

~ Furniture for student population growth – The Finance Committee recommends that since this is a capital item, it should be moved to capital. After discussion, Mr. James moved to amend the presentation to specify that the undesignated capital excess funds be utilized to cover this expense. The motion was seconded by Ms. Heniford. The motion carried unanimously.

~ Signing bonus for critical needs teachers – The cost associated with this request for math, science, and special education only is \$309,000, based upon the number of positions for the 2015-16 school year, which was 103. Mr. Gardner added that this item is for items that are contracted with others to provide a service for us. The increase in maintenance and repairs item is for work that the District performs. The motion was seconded by Ms. Morreale. Mr. Garland suggested rewording the motion to state that it is for high school music equipment so that orchestra could be included. The motion was seconded by Mr. Garland. The motion carried with a unanimous vote.

B. Facilities Committee Report

Mr. James shared information from the Facilities Committee meeting held earlier today. There are two action items that, due to timing, need to be presented to the Board tonight for discussion. The first is funding options for North Myrtle Beach Middle and Midland Elementary Schools. A handout was given to Board members labeled estimated additional costs for short-term capital projects. Both projects listed have been previously approved by the Board to proceed. However, due to time and escalating costs, and for NMBMS we added in the parent drop-off and the canopy for the bus loop, additional funds are needed. To complete both of these projects, we need to add \$2.16 million for North Myrtle Beach Middle and \$5.1 million for Midland Elementary, for a total of \$7.352 million. This item will be on the June 6 Board agenda for Board consideration.

The second item that needs to come before the Board tonight for discussion is the need for additional portables or modular classrooms. Currently there is a need at Aynor Elementary for four portables, Carolina Forest Elementary for four, Midland Elementary for ten, Ocean Drive Elementary for two, and River Oaks Elementary for eight. This is a total of 28. We currently have 12 that we can use, which leaves a balance of 16 at a cost of roughly \$80,000 each. We need to take action at our next meeting on this request. Mr. DeFeo shared that depending on what we do in the Carolina Forest area, which is on the agenda by Mr. Winters, should we change the way we do those schools, we might not want to place portables in Carolina Forest for one year when they would not be needed the following school year. Mr. DeFeo would like for the Board to address if we should place the portables when it would be for one year.

Board Action: A motion was made by Ms. Heniford and seconded by Mr. Cox for the Board to take a five minute break. The motion carried unanimously. The Board Chair did not cast a vote on this item.

Board Action: A motion was made by Mr. James and seconded by Ms. Graham to reconvene in open session. The motion carried unanimously. The Board Chair did not cast a vote on this item.

C. District 4 Board Seat Interviews

- 1) Ms. Effie Hartley
- 2) Mr. Bret Moon
- 3) Ms. Kathy Richardson

The passing of Mrs. Kay Loftus, who represented District 4, created a vacancy for our Board. Mrs. Loftus' term would have expired in January of 2017. Pursuant to our governance bylaws appointing a person to fulfill a Board member's unexpired term, the Board officially sought applications of interest from citizens of District 4. The Board received three applications. The Board will interview all three applicants during tonight's meeting in alphabetical order. Each interview is anticipated to last 20-30 minutes. Upon the conclusion of the interviews, at the appropriate time on the agenda, we will entertain a motion to convene in Executive Session. The Board will later reconvene in public session to consider, by way of appointment, an applicant for the District 4 vacancy. The Board will appoint by a majority vote one person from the applicants to fill the vacancy at tonight's meeting.

Board member David Cox has recused himself from the entire process. He will observe, but will not join the Board in executive session, nor will he vote to select a person to fill the vacancy.

The Board Chair will only vote if needed to break a tie or to make a majority vote.

Individuals who have not been interviewed will remain in a different location while other interviews are being conducted. Once a candidate has completed their interview, they may stay for the public meeting.

Ms. Effie Hartley was the first candidate called for an interview. Mr. Bret Moon was then called, followed by Ms. Kathy Richardson.

A list of questions was provided to Board members and the Board members took turns asking questions of each candidate.

Comments:

1. Need reports attached to Granicus prior to meeting (e.g. 4.A – Itemized Budget List).
2. Get items in Granicus! Handouts make it hard to be effective as a Board member!
3. Need information provided before meeting – Re: Budget documents tonight
