5. DISCUSSION

a. Consider Approval of Contracts by Superintendent During the Summer - Ms. Anderson

Ms. Anderson requested that the Board authorize Dr. Maxey to approve teacher contracts during the summer months to expedite the hiring process during the summer.

b. Consider Recommendation for Procedure to Rename Horry Education Center - Mr. Burch

Mr. Burch brought before the Board a proposed process for recommending a new name for the Horry County Education Center. The recommendation is as follows:

A committee to develop a new name for the Horry County Education Center will be created. The committee will be charged with coming to a consensus on a name that will then be forwarded to the Horry County Board of Education for consideration.

The Horry County Education Center Naming Committee shall include the following:

1. One member from each of the nine school Advisory Boards
2. The Principal of the Horry County Education Center
3. One HCEC teacher appointed by the HCEC Principal
4. One HCS School Board Member representing the District in which the new facility resides
5. One HCS School Board Member appointed at-large by the Board
6. Two District Office representatives

Mr. James remarked he hoped that the committee would follow quorum guidelines as established by Robert's Rules of Order when convening a meeting. A committee membership of 15 has been recommended, and in the event all 15 members were not able to attend, he hoped a quorum would be sufficient to conduct business, with a quorum being half the membership plus one. Mr. Burch stated he felt that would be appropriate.

c. Consider South Carolina Department of Natural Resources (SCDNR) Property Acquisition Request - Mr. Burch

Mr. Burch stated HCS had received a request from SCDNR for a letter of support for two tracts in Horry County adjoining the Waccamaw River Heritage Preserve/Wildlife Management Area (WMA). The properties are west of SC Highway 9 along the Waccamaw River near the community of Longs.

Following state guidelines, SCDNR must obtain a letter of support from the school district before completing the projects and declaring them tax exempt. After the properties are acquired, they will be managed as part of the existing preserve/WMA and will be open to the public for outdoor recreational activities. Mr. Burch noted that the previous year, the two properties generated taxes in Horry County totaling \$629.80.

d. Technical Enhancements in the Transportation Department - Mr. Wright/Mr. Rhodes

Mr. Wright and Mr. Rhodes delivered a presentation on the technical enhancements that have been made in regard to the operations of the Transportation Department. A PowerPoint and video presentations were shared, and Mr. Rhodes and Mr. Wright entertained questions afterwards. Mr. Wright noted this was a good starting point from a technology perspective but added that a good portion of the transportation is still very much a hands-on operation.

e. Monitoring Report: OE-12 Learning Environment/Treatment of Students - Ms. Allen

Ms. Allen addressed this item and was available to answer any questions. Dr. Maxey noted that the District had developed a risk assessment protocol to be used with students who have indicated through their behaviors/words that they may be a safety threat to themselves and/or others. Dr. Maxey mentioned that HCS was ahead of the state in developing this risk assessment protocol for students, and now the state has implemented one that complements the District's. Dr. Maxey also remarked that this has been a very effective tool in helping students who have demonstrated these concerns.

f. Monitoring Report: R-6 Personal Success and Citizenship - Ms. Myrick

Ms. Myrick addressed this item and was available to answer questions from the Board. No questions were presented.

6. **SUPERINTENDENT'S REPORT**

Prior to the Superintendent's Report, Mr. Richardson presented Dr. Maxey with his 30-year service pin.

a. **Waccamaw Elementary School - "Inchy the Bookworm Vending Machine"**

Dr. Maxey shared that Waccamaw Elementary School (WES) had recently installed a book vending machine for its students. The "Inchy the Bookworm Vending Machine" is an incentive program where students earn gold coins which they, in turn, may use to purchase books from "Inchy." Having participated in the school's dedication of the new book vending machine, Dr. Maxey commented that WES students were extremely excited about "Inchy" who was made possible through the support of the school's parent organization. The machine, which costs roughly \$4,000, was modified by the supplier to be used for this purpose. Dr. Maxey remarked that Ms. Gaye Driggers, Principal, Carolina Forest High School, also attended the dedication ceremony, illustrating the District's efforts to grow and encourage the development of strong relationships among the schools within each attendance area.

b. **HCS Class of 2019**

Dr. Maxey shared a video of 2019 high school graduates visiting the elementary schools in their attendance areas, thus encouraging the younger students not only to make connections with older students but also to make graduation a reality and future goal for the younger children.

b. Consideration of 2019-2020 Superintendent's Comprehensive Budget - Mr. Gardner

Mr. Gardner shared the proposed 2019-20 Superintendent's Comprehensive Budget which was previously presented to the Board of Education at the May 6, 2019, during the Budget Workshop portion of the agenda. Mr. Gardner noted the total budget is \$683,506,008.00, and of that amount, the general fund encompasses \$449,169,381.00. The administration's General Fund Budget proposed the utilization of \$19,148,195 in unassigned fund balance. At the May 20, 2019, Board Meeting, preliminary approval was given to the 2019-20 Superintendent's Comprehensive Budget. Based on the information received on May 24, 2019, Horry County School's final State budget projections from the General Assembly increased by an additional \$587,886. Therefore, the administration's General Fund Budget proposes the utilization of \$18,560,309 in unassigned fund balance.

Ms. Heniford asked for clarification about what building projects were included. Mr. Gardner referenced the 2018-19 Superintendent's Comprehensive Budget manual previously provided to Board members and more specifically, page 8.

A motion was made by Mr. Hardwick and seconded by Mr. Poston to accept the Superintendent's Comprehensive Budget.

Mr. Winters made a motion and Ms. Allen seconded that motion to amend the Budget to include a recurring budget item of \$100,000 per school for marching band uniforms and that this line item be placed in a cycle among the schools. Mr. Winters noted a single line item to replace all the uniforms would be approximately \$352,000. Once all schools band uniforms were replaced, it was suggested that the uniforms then be placed on a regular cleaning schedule.

Ms. Graham noted that Conway High School used fund-raising and monies from other projects to purchase their marching band uniforms. Ms. Graham suggested Conway High School be reimbursed for their recent purchase and instead of being placed at the end of the rotation that they be moved to the forefront to allow those monies to be used in other much needed areas.

Mr. Hardwick and Ms. Smith remarked on looking at this issue as a whole and not individual basis.

Ms. Heniford and Mr. Winters clarified how the \$100,000 would be used. It is to be used for the replacement of two schools' uniforms and any residual funds would be used for travel, cleaning,

supplies, etc. It was suggested that due to the size of the Carolina Forest High School that it be a standalone and on the schedule by itself.

Mr. Scrivner addressed the Board and spoke on the schedule of replacements and residual funds once the uniforms were replaced. Mr. Scrivner noted that only two schools are using uniforms that are less than 14 years old.

Mr. Gardner reminded Board members that in 2018, \$200,000 a year was added to the budget for band equipment.

Amendment: A motion and a second were made to amend the budget to include \$100,000 recurring funds to be used for marching band uniforms, travel, equipment, etc.
