

## Honors Weighting for High School Courses 2019 – 2020

**Policy Reference:** [South Carolina Honors Framework Implementation Guide – Appendix A](#)

**Background Information:** Beginning in 2017-2018, the local school board may approve new courses to receive honors weighting in all content areas except physical education. All new courses must be developed using the *SC Honors Framework* guidelines.

Honors courses must be developed and implemented to

- provide depth in rigor, complexity, challenges, and creativity beyond college preparatory level (CP) courses as outlined in the *Profile of the South Carolina Graduate*;
- be more challenging than CP level courses in order to foster growth for advanced learners; and
- offer a differentiated program of study that provides an array of opportunities for all students based on their aptitudes, achievement, and interests.

*South Carolina Honors Framework Implementation Guide – Appendix A, April 11, 2017*

**Purpose:** The following courses are currently offered in the district for CP credit. Courses have been developed for honors weighting according to the requirements as outlined by the *SC Honors Framework*.

- Essentials of Computer Science
- Human Body Systems
- Principles of Biomedical Science
- Introduction to Engineering Design
- Principles of Engineering
- Engineering and Architecture
- Engineering Design and Development

The following courses are not currently offered in the district. Courses have been developed for honors weighting according to the requirements as outlined by the SC Honors Framework.

- Medical Interventions
- Principles of Computer Science
- Fundamentals of Aerospace
- Technology Clean Energy Systems

- Innovations in Science and Technology
