GRADUATING THE CLASS

Building stronger students together. #WeAreHCS

HCS High School Programs

STEM Program

The STEM program at AAST
Grades 9 - 12
 AAST offers the opportunity for 9th graders throughout Horry County to participate in a 9-12 STEM (Science, Technology, and Math) experience. Must enter program as a 9th grader.

The Academy for the Arts, Science, and Technology

Grades 11 - 12

Majors: Advanced Art, Pre-Engineering, Pre-Medicine, Entertainment Technology, Theatre, Computer Science, and Digital Communications.

Majors Program

Majors Program

The Academy for Technology and Academics
Grades 11 - 12
 Majors: Automotive Technology, Building Construction, Business—Pre-Law, Cosmetology, Culinary Arts, Digital Arts and Design, Emergency and Fire Services Management, Engineering (Project Lead the Way), Health Science - Pre-Med and Nursing.
 **May Add additional areas of certification.

The Scholars Academy
Grades 9 - 12
 Provide an education at the rate and level of academic rigor that compliments the students' ability. Almost all courses are advanced placement or dual enrollment. Must enter as a 9th grader.

Scholars Program

Online Program

HCS Virtual School
 HCS Virtual is a program of Horry County Schools which provides online 9-12 curriculum to Horry County students. HCS Virtual's supplemental program provides courses to supplement a student's program of study at their local school. In many of our courses, students may begin the course any week of the year, and may move at their own pace through the content.

The STEM Program at Conway High School

Offers hands-on collaborative STEM experiences in Biomedical Science, Cyber Security, Engineering, Medical Billing and Coding, Pharmacology, Sports Medicine, and Veterinary Science. Some areas offer college credit or industry certification.

STEM Program

Early College

HCS Early College High School
Grades 9 - 12
 Encourage student groups who are under-represented in post-secondary education to attend college. Serve highly-capable students, who score in the middle quartiles on test performance.

IB Programs at Aynor and Socastee High Schools

Grades 9 - 12

Provide students with a challenging and balanced education which promote international understanding through academic experiences. Accepted students must transfer to AHS or SHS. Students may enter IB program as rising 9th - 11th graders provided they have met the prerequisites.
