

Locally Board-Approved Course Numbers

Policy Reference: *South Carolina Department of Education Activity Coding System for the Student Information System 2020-21, Page 88.*

Background Information:

The South Carolina Department of Education Activity Coding System includes the standardized codes for courses, instructional activities, and non-instructional activities used in the student information systems in South Carolina public schools. Course codes are assigned to courses by the Office of Federal and State Accountability. In addition, school districts have the option of developing locally board-approved course codes for courses for elective credit only.

“Each district must maintain a listing of locally-approved courses by subject areas and subgroups. These activities must be uniformly numbered within each school district. All locally board-approved courses must be approved by the district’s board of trustees each year and evidenced in the board’s minutes. The Office of Federal and State Accountability may ask for Board minutes during a desk audit.”

South Carolina Department of Education Activity Coding System for the Student Information System 2020-21, page 88.

Purpose: Request approval for locally-developed course numbers for the 2021-22 school year (List below)

For additional information: Boone Myrick, bmyrick@horrycountyschools.net

Recommended Action: Approve the request for locally-developed course numbers for the 2020-21 school year.

Estimated Project Cost: NA

Recurring ____ Non-recurring ____
