

Consider Purchase of Electrical Panels for Potential Modular Classrooms

Policy Reference: *Board Governance*, “OE-13 – Facilities,” p. 42.

Background Information: Due to the long lead times experienced in the 2022-23 fiscal year for electrical panels, it was necessary to rent electrical panels for modular classrooms until the permanent panels were delivered. Supply chain issues continue to cause long lead times with this component. To order the panels as early as possible, Facilities is requesting a budget to place an order for six (6) electrical panels to use for future modular classrooms assemblies.

Purpose: To approve the purchase of six (6) electrical panels for future modular classroom assemblies.

Recommended Action:

To approve a budget of \$125,000 to purchase six (6) electrical panels for use in future modular classroom assemblies.

Estimated Cost: \$125,000
