OE-10 Instructional Program	✓			

Interpretation: I interpret this policy to mean that Horry County Schools will develop and implement curriculum and instructional practices that will offer challenging and relevant opportunities for all students to achieve at levels defined in the board's **Results** policies. I further interpret this to mean that the staff will regularly monitor and evaluate the instructional program as part of the ongoing efforts to improve student learning. District staff will provide

ongoing support through curriculum development and revision, professional development opportunities, and alignment of district assessments.

Evidence of Status of Compliance:

We are in full compliance of this policy. Evidence is listed below:

Academic Standards

- Implementation of state-adopted standards as the foundation for curriculum
- Utilization of all documents that support the state academic standards and assessments (SAT, ACT, SC Ready, Work Keys)
- Utilization of the SC PASS Blueprint for social studies and science and documents that provide guidance for preparing students for the state-adopted assessments
- Implementation of SAT writing rubrics at the high school level
- Utilization of NWEA's *The Learning Continuum* documents
- Participation of HCS staff in state committees in developing and revising state standards and companion documents
- Implementation of WIDA's English Language Development (ELD) standards for English Learners (ELs)

Curriculum Development

- Implementation of state-adopted standards
- Development and annual review of district consensus maps (curricular documents) aligned with state academic standards by district staff and teacher teams
- Implementation of a comprehensive reading program for elementary grades that includes explicit phonics and grammar instruction
- Implementation of a comprehensive reading curriculum for middle school grades
- Development of teacher-created units in core content areas
- Implementation of comprehensive mathematics curriculum for elementary grades
- Implementation of core replacement curricula for ELA and math for students needing remediation or enrichment
- Implementation of comprehensive curriculum for students with moderate/severe intellectual abilities, ages preschool – 21
- Implementation of the Learners at Work program at all high schools
- Implementation of gifted and talented ELA and math courses for high achieving and state-identified gifted academic students
- Utilization of digital curriculum for unit and credit recovery
- Implementation of honors and accelerated ELA and math courses in grades 6-8 and honors social studies and science courses in grade 8 for high achieving and gifted and talented students

- Implementation of enrollment opportunities for high achieving gifted students in honors, Advanced Placement, International Baccalaureate, and dual-enrollment courses in grades 9-12
- Implementation of SC Honors Framework for all honors weighted courses at the high and middle levels, beginning in 2017 – 18, to ensure rigor and comparability across the state
- Implementation of a comprehensive early childhood special education curriculum
- Implementation of a social skills curricula for students preschool-21
- Utilization of digital citizenship curriculum in grades K-12
- Implementation of a K-12 newcomer curriculum for English Learners (ELs)

Data Tools and Systems

- Utilization of NWEA's Measures of Academic Progress (MAP) to benchmark and gauge success in the areas of English language arts and mathematics
- Implementation of Response to Intervention (RtI) models for differentiating curriculum and instruction for elementary, middle, and high school students
- Implementation of benchmarks and common assessments in ELA, social studies, science, and mathematics
- Utilization of Dynamic Indicators of Basic Early Literacy Skills (DIBELS NEXT) for kindergarten, first and second grade
- Administration of PALS in pre-K4 and KRA (Kindergarten Readiness Assessment) in K5 to meet state readiness assessment requirement
- Administration of state end-of-course assessments for English I, Algebra I/Intermediate Algebra, U.S. History, and Biology
- Utilization of the Kindergarten W-APT as an English language proficiency assessment given to incoming students in pre-K, K and first semester first-grade students as part of the identification process for English learners
- Utilization of the WIDA Screener Online as an English language proficiency assessment given to incoming students in grades 1-12 as part of the identification process for English learners
- Administration of ACCESS for ELs 2.0 as an annual English language proficiency assessment for students who have been identified as English learners
- Administration of Alternate ACCESS for ELs as an annual English language proficiency assessment for students who have been identified as English learners with disabilities and are unable to participate meaningfully in ACCESS for ELs 2.0
- Utilization of PSAT Summary of Answers and Skills (SOAS) reports in grades 8, 10, and 11 to monitor college readiness
- Utilization of census aptitude testing for state identification in gifted and talented program in grades 2 and 5 with a referral process for grades 3-4 and 6-12

- Utilization of a data warehouse for student assessment data, as well as IEP, 504, and ESOL plans
- Utilization of PowerSchool Parent Portal to allow parents to monitor their children's academic performance and grades
- Utilization of district and school data team meetings throughout the year to analyze results and adjust instructional programs and interventions
- Utilization of Child Outcome Summary Form (COSF) for students with disabilities transitioning from preschool programs to school-age programs
- Implementation of Plan, Do, Study, Act (PDSA) utilized as a continuous improvement model for student achievement
- Utilization of Truenorthlogic for tracking and evaluating professional development and certification
- Utilization of data systems to monitor student progress in interventions and core replacement curriculum
- Utilization of district-developed College Readiness Individual Academic Profile reports at middle and high schools
- Utilization of College Board online Advanced Placement reporting system which includes longitudinal data, as well as class-level instructional planning reports
- Implementation of adaptive digital content to provide personalized pathways for learning K-12

Instructional Strategies

- Utilization of strategic and intensive intervention reading and mathematics programs to support at-risk learners
- Implementation of Document-Based Questions (DBQs) and Literacy-Based Questions (LBQs)
- Utilization of digital content to personalize learning
- Continuation of Consortium of Reading Excellence (CORE) partnership to improve reading instruction
- Utilization of district writing prompts for grades 3-12, with emphasis on text dependent analysis
- Utilization of science kits in grades K-8 to support and enhance science instruction
- Continuation of partnership with experts in the field to improve instructional strategies in identified schools
- Continuation of implementation of Cooperative Learning Structures
- Utilization of Virtual SC Professional Development for professional staff
- Continued implementation of iTeams Xtreme summer camp through a partnership with the SC Governor's School for Science and Mathematics

Innovative Programs

- Connect
- Early College High School
- Scholars Academy
- Online Pre-Algebra offered in 5th grade
- Summer Scholars program
- Technical Advanced Placement Program (TAP) agreements with Horry-Georgetown Technical College
- Dual-enrollment course offerings in partnership with HGTC and CCU
- Clinical Medical Assistant Program (LHS) and Emergency and Fire Management Services (ATA)
- HCS Virtual
- Achievement via Individual Determination (AVID) at CHS and ECHS
- Therapeutic Learning Center (TLC) for Grades K-12
- Project-Based Learning (PBL) and New Tech High School model at MBHS
- STEM Programs and opportunities
- Robotics programs in elementary, middle and high schools
- Occupational certificate program
- Learners at Work program utilized to assist students with disabilities in developing employment skills
- Personalized Digital Learning Initiative (PDL) district-wide in grades K-12
- Badging program for HCS teachers to support technology innovation and professional growth for teachers

Acceptable Use of Technology

- Monitor and enforce the district's acceptable use policy
