

**HORRY COUNTY SCHOOLS
MONITORING REPORT – R-1 Literacy**

I certify that the information in this report is true.

Signed: _____ Date: ____
Cindy Elsberry, Superintendent

Disposition of the Board:

- _____ In compliance
- _____ Not in compliance
- _____ Compliance with exception

Signed: _____ Date: ____
Joe DeFeo, Board Chair

Comments: _____

R-2 – Literacy	Supt	Supt	Board	Board
	In compliance	Not in compliance	In compliance	Not in compliance
Each student will achieve mastery of performance standards in ELA.	✓			

Interpretation: I interpret this policy to mean that Horry County Schools will implement a course of study that is aligned with the South Carolina academic and Common Core State Standards for K-12 English language arts that will prepare students to be proficient readers and writers.

I further interpret this to mean that the staff will regularly monitor and evaluate the instructional programs at each school as part of the ongoing efforts to improve student learning in the area of English language arts. Staff will also provide ongoing support through professional development opportunities designed to build capacity by establishing exemplary English language arts curriculum and assessments and developing process knowledge in language and reading acquisition.

Indicators of Evidence and Compliance:

We are in full compliance of this policy. Evidence is listed as follows:

Curriculum

- Horry County Schools curriculum and course offerings are aligned with the South Carolina English language arts and Common Core State Standards (CCSS).
- Instructional materials adoption processes comply with state requirements.
- Implementation of the South Carolina support documents has been emphasized since their release as a means of further ensuring student mastery of standards.
- Consensus maps (pacing guides) lesson plans, and assessments have been aligned to CCSS and are available online for teachers' use.
- Non-fiction writing in the curriculum has been a focus for instruction.
- CCSS are being fully implemented during the 2013-2014 school year.
- An intensive train-the-trainer program for CCSS is ongoing for district staff, school administrators, and teacher leaders.
- Opportunities are available for students to take dual enrollment courses.
- The Lexile ranges per grade level have been realigned to match the expectations for the CCSS.
- Read It Once Again, a research-based curriculum for students has been implemented in all classrooms for early childhood special education students.

Assessment

- The Circle assessment is administered to all child development students at the beginning, middle, and end of the school year. This assessment is aligned with Dynamic Indicators of Basic Early Literacy Skills (DIBELS) assessments for K-2 students.
- DIBELS, MAP, AIMSWEB, and Oral Reading Fluency assessments are utilized to monitor progress and plan instruction.
- The DIBELS assessment, as a result of the work of the literacy committee, is now utilized in grades K-2.
- School psychologists are provided ongoing special training to assist in evaluation, diagnosis and prescribing interventions for students with the most intensive needs in the area of reading.
- The District participates in an early childhood collaborative with community agencies, higher education representatives, and school-based services to facilitate the development of a comprehensive intervention program for children who are at risk for school readiness.
- Core and intervention reading programs' assessments are used to monitor progress and plan instruction.
- High school English teachers (and 8th grade English I Honors teachers) have been provided professional development on the SAT Holistic Scoring Guide to be able to align instruction and assessments to the expectations of the SAT Writing assessment.
- Teacher-developed performance tasks are used to provide formative assessment data.

- School data teams compile, monitor, and review data walls to reflect students' performance on MAP and progress toward state accountability goals. These data walls provide context for data analysis and instructional planning.
- Performance tasks have been developed and embedded in the English language arts curriculum to match the expectations of the CCSS.

Instruction

Core Reading Instructional Strategies

- Achieve 3000, a digital content resource that differentiates instruction to support Lexile growth, is being implemented in grades 4 & 5, and will be expanded to middle grades in January 2014.
- Imagine It! is being used as a core reading program in grades PK-5 to strengthen reading instruction and ensure students exit each grade reading on level.
- Students in grades 2-12 have the opportunity to participate in the District's summer reading initiatives.
- In the area of spelling, District documents were created for each grade level identifying patterns to be utilized in grades K-5. The identified words and patterns are aligned with the Imagine It! program and South Carolina English language arts standards.
- The district is implementing a blended learning instructional model in grades 6-8 to support more personalized small group instruction.
- All high school English teachers have received professional development on critical reading strategies and writing from sources through LiteracyTA, a tier-one intervention core English language arts instruction.

Interventions and Strategies for Struggling Students

- Unique Learning Systems (ULS), a research-based curriculum for students with special needs, has been implemented in all classrooms for students with moderate to severe disabilities.
- Child development teachers are utilizing the same instructional approaches to support literacy at the preschool level through collaborative training, use of instructional program, Imagine It!, and co-planning efforts.
- District protocols for planning instruction were developed to ensure students needing intervention receive services through similar interventions district-wide. This is a monitoring strategy to track individual student progress and to reduce the achievement gap between sub-groups.
- Reading Recovery is an individualized instructional intervention for first-time first graders who are having difficulty learning to read and write and is offered in four high poverty schools.
- Reading intervention materials (Read 180, Language!, Voyager Passport, Burst, System 44, Corrective Reading, Reading Mastery, and Kaleidoscope) are being used for levels K-12 to provide additional support and remediation for students who are struggling with reading.
- Tier 3A intervention and Tier 3B core replacement intervention materials have been implemented to support our neediest students.

- Strategic Instructional Model (SIM) is being piloted and special education learning strategies curriculum has been implemented to support students and improve literacy in all content areas.
- Compass Learning, a computer software program that personalizes instruction based on MAP scores, has been implemented and can be utilized both at school and at home by students who have not reached proficiency on PASS.
- A co-teaching cohort has been initiated at nine schools to better serve students with learning disabilities.
- Horry County Virtual School Program provides opportunities for students to recover credits through online credit recovery curriculum.
- Teachers and assistants are provided professional development opportunities in reading intervention curriculum and instructional strategies.

Interventions and Strategies for High-Achieving Students

- The Horry County Virtual School (HCVS) program provides opportunities for students to enroll in Advanced Placement courses and other higher-level courses.
- Elementary G/T ELA curriculum materials include research-based units of study developed by the Center for Gifted Education as well as district-developed research, word part study, and integrated units, which have been posted online. The units address SC gifted goals and objectives, extend beyond the grade-level standards, and incorporate instructional strategies appropriate to the needs of gifted learners.
- English language arts curriculum for honors and accelerated courses is based on the integrated curriculum model and includes thematic study, advanced content, writing, research and word part study. Support structures include consensus maps posted online and training in the use of pre-AP instructional strategies.
- Teachers use Jacob's Ladder, a gifted education curriculum for reading, and shared inquiry to facilitate use of more complex texts and higher ordering thinking.
- Teachers are provided professional development opportunities in gifted curriculum and best practices.
- Enrollment in AP Literature and Composition and AP Language and Composition has increased across the district. AP English teachers have participated in professional development with College Board trainers and AP teacher collaboration sessions, sharing instructional strategies, materials, and techniques for student success.
- Differentiated Imagine It! curriculum and instruction is utilized to accommodate the level and pace of gifted and talented learners.
- Gifted and Talented (GT) elementary English language arts teachers participate in District collaboration sessions to share best practices in GT literacy instruction using Imagine It! and GT enrichment units.

Other Strategies

- Print and digital resources, including fiction, non-fiction books and access to informational databases are available for students and teachers.
- Identified elementary and middle schools received additional support through the Consortium on Reading Excellence (CORE).
- Teachers' expertise is recognized, and they are asked to share their knowledge with others at the state and national levels.
- Teachers and district staff serve on various state committees that include standards setting, curriculum and assessment, development of assessments, textbook adoption and Common Core State Standards implementation.
- Lead teachers in grades K-12 are participating in the CCSS Black Belt course to support the implementation in English language arts.
- Literacy workstations provide opportunities for targeted small-group instruction.
- Social studies literacy model professional development has been provided to middle and high school ELA and social studies vertical teams to meet the expectations of the CCSS literacy standards for history, science, and the technical subjects.
- Document-based questioning (DBQ) is required in social studies classes in grades 4-12.
- "Reading Like a Historian" lessons are part of middle and high school social studies curriculum maps.
- CCSS Literacy Bootcamp was offered for middle and high school English language arts, social studies and science teachers.
