DATE: October 22, 2013

SUBJECT: Minority Vendor Participation for 2012-2013

Following is the annual report for minority vendor participation during fiscal year 2012-2013.

Definitions:

Controllable Dollars – Those dollars expended by Horry County Schools (District) on products and services for which District personnel have discretion in the selection of a private vendor from whom such products and services will be procured. Expenditures for salaries, fringe benefits, utilities, or other such costs are not included in controllable dollars.

Minority Vendor (taken from Section 11-35-5010 of the S.C. Code of Laws)

- (1) A “minority vendor” means a United States citizen who is economically and socially disadvantaged.
 - (a) Socially disadvantaged individuals means those individuals who have been subject to racial or ethnic prejudice or cultural bias because of their identification as members of a certain group, without regard to their individual qualities. Such groups include, but are not limited to, Black Americans, Hispanic Americans, Native Americans (including American Indians, Eskimos, Aleuts and Native Hawaiians), and Asian Pacific Americans.
 - (b) Economically disadvantaged individuals means those socially disadvantaged individuals whose ability to compete in the free enterprise system has been impaired due to diminished capital and credit opportunities as compared to others in the same business area who are not socially disadvantaged.
 - (c) A minority vendor is at least fifty-one percent owned by one or more citizens of the United States who are determined to be socially and economically disadvantaged.

Minority Vendor Participation Report (Attached):

State agencies are required to report to the Office of Small and Minority Administration (OSMBA) annually the participation of “State Certified” small and minority-owned businesses. The OSMBA has a rigorous certification process these vendors must complete to achieve “State Certified” status. Traditionally, the Horry County Board of Education has requested all minority vendor participation be reported, including all known businesses that meet the definition of minority vendor as stated above, since all minority vendors may not apply for nor meet all requirements of the OSMBA for certification. Dollars spent with State Certified businesses (in item B below) will be provided along with total minority vendor participation.

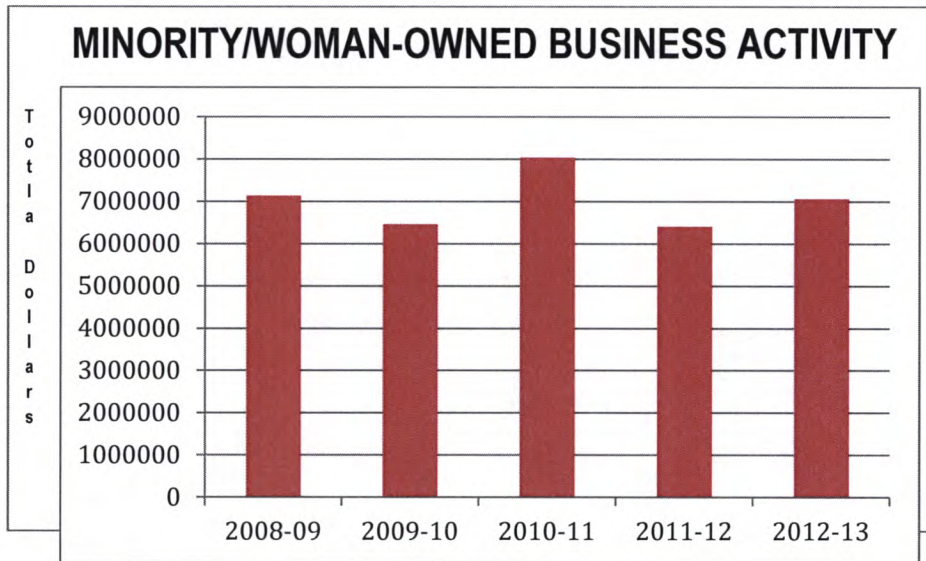

In the attached detailed report, the designation of WOB indicates a vendor at least 51% owned by a woman. The designation of MOB indicates a vendor at least 51% owned by a minority (i.e. Black, Hispanic, Asian, and Native Americans). If a minority vendor is also woman-owned, that vendor is listed as MOB for reporting purposes.

Increase in Minority Vendor Participation for 2012-2013:

A. The total minority vendor participation for the fiscal year 2012-2013 increased over the 2011-2012 fiscal year. In 2012-2013, the total minority participation was \$7,067,266 as compared to the total minority vendor participation of \$6,412,460 in 2011-2012. This increase was a result of construction at River Oaks Elementary, Loris Elementary, and Scholars Academy and the completion of the renovation at Carolina Forest Elementary in addition to drainage, paving, and fire lane projects.

2008-09	2009-10	2010-11	2011-12	2012-13
\$7,135,998	\$6,466,241	\$8,043,466	\$6,412,460	\$7,067,266

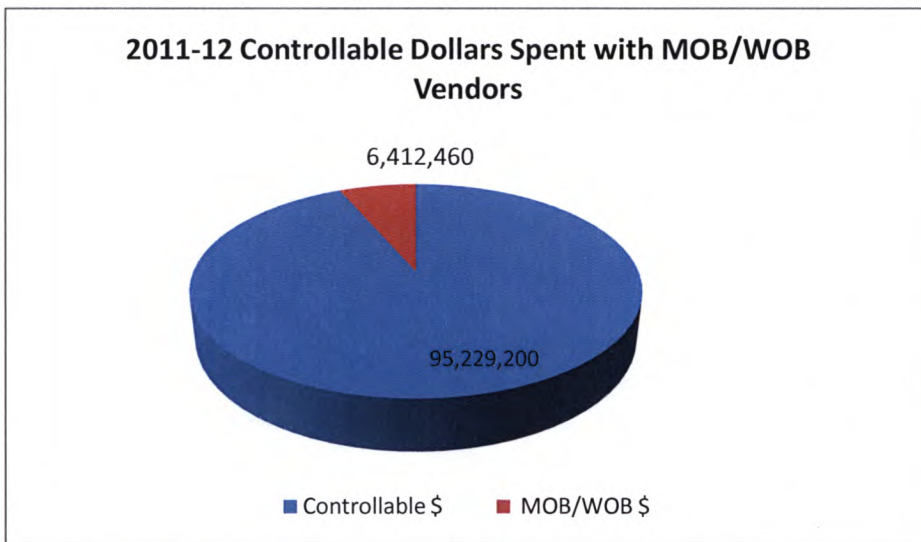

B. Dollars spent with known State Certified minority vendors as of this date for 2012-2013 were \$552,089.

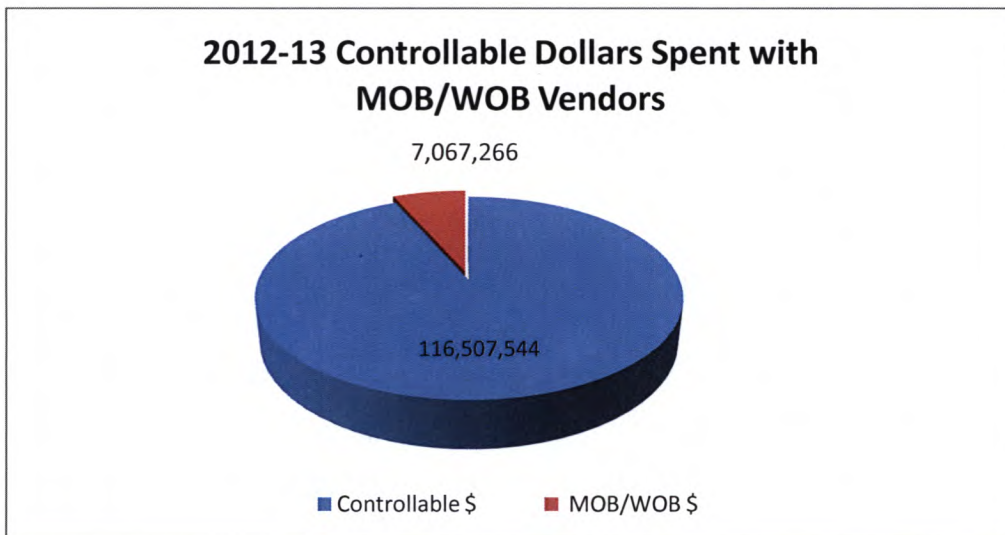

C. The total controllable dollars in 2011-2012 was \$95,229,220 compared to \$116,507,544 controllable dollars in 2012-2013. Based on the increase in controllable dollars, the overall effect was a slight reduction from 6.73% to 6.07% spent with minority vendors during the fiscal year 2012-2013.

	Controllable \$	Minority \$	
2011-12	\$95,229,200	\$6,412,460	6.73%

	Controllable \$	Minority \$	
2012-13	\$116,507,544	\$7,067,266	6.07%

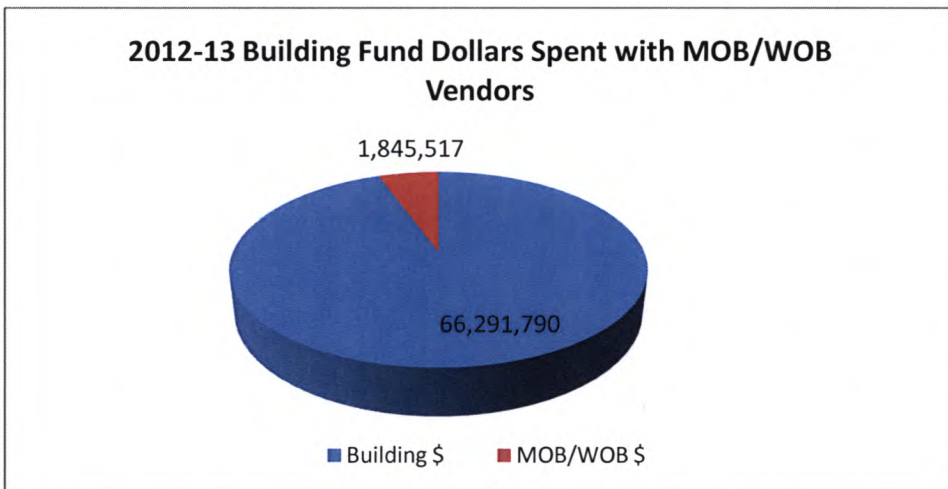

D. In 2011-2012, the total controllable Building Program dollars was \$47,483,584 of which \$761,145 was spent with minority vendors representing 1.60%. In 2012-2013, the total controllable Building Program dollars was \$66,291,790 of which \$1,845,517 was spent with minority vendors representing 2.78%.

	Building \$	Minority \$	
2011-12	\$47,483,584	\$761,145	1.60%

	Building \$	Minority \$	
2012-13	\$66,291,790	\$1,845,517	2.78%

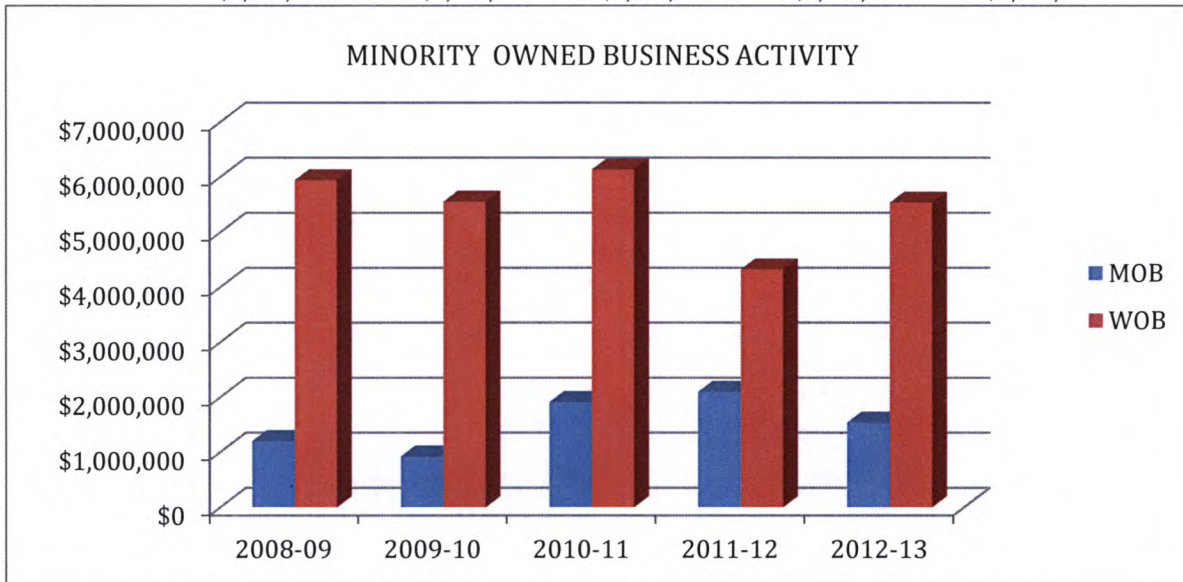

E. At Board request, all expenditures listed on the Minority Vendor Participation report (attached) have been designated as paid to a minority-owned business (MOB) or woman-owned business (WOB).

The participation of minority-owned businesses and woman-owned businesses in 2012-2013 was \$7,067,266. Minority-owned businesses spending decreased from the 2011-2012 amount of \$2,093,128 to 1,534,277 during the 2012-2013 fiscal year. Woman-owned businesses increased from \$4,319,332 in 2011-2012 to \$5,532,989 in the 2012-2013 fiscal year.

The overall increase in the combined minority owned and woman owned businesses vendor spending for 2012-2013 (\$7,067,266), was a 10.21% increase from the 2011-2012 (\$6,412,459) fiscal year spending.

	2008-09	2009-10	2010-11	2011-12	2012-13
MOB	\$1,197,685	\$916,432	\$1,906,779	\$2,093,128	\$1,534,277
WOB	\$5,940,339	\$5,550,759	\$6,136,667	\$4,319,332	\$5,532,989

On-going efforts to increase minority vendor participation:

1. The SC Budget and Control Board, Materials Management Office (MMO), publishes twice weekly a newsletter of proposed procurements to the business community. Minority vendors are highly encouraged by MMO to use the SC Business Opportunities (SCBO) as a means of increasing their financial opportunities through procurements by the State and other governmental entities. Horry County Schools advertises all solicitations over \$10,000 in SCBO. This services is offered at no-cost to interested vendors.

2. Horry County Schools (District) encourages the business community to use the District website that lists all solicitations over \$10,000.

**HORRY COUNTY SCHOOLS
MINORITY VENDOR PARTICIPATION**
