

PORTABLE CLASSROOMS INFORMATION:

The existing portable classrooms in the District were reviewed 11/13/2018 with Facilities, the executive directors over elementary, middle, and high schools, as well as with the chief officers of academics and support services. The list below represents the schools determined to have surplus portables. The number listed in the "Sell" column were confirmed to be eligible for disposal. A total of 38 portable classrooms are eligible for immediate disposal.

There are several other schools that also have portables, and/or the new "modulars," all of which are deemed necessary to remain.

FACILITY	Total Portables	Keep	Sell
Forestbrook Middle	12	4	8
Myrtle Beach Middle	2	0	2
Ocean Bay Middle	4	0	4
Palmetto Bays Elementary	1	0	1
Seaside Elementary	7	4	3
St. James Elementary	16	10	6
St. James Middle	18	4	14
	60	22	38

COSTS ASSOCIATED WITH PORTABLE CLASSROOMS:

Power:	\$1,200 / year, per portable classroom
Security panel:	\$ 500 / portable to replace
Fire alarm panel:	\$2,500 / portable to replace w/ like panel (old style)
Shingle replacement:	\$3,500 / portable
Insurance coverage:	\$ 705 / portable / year

Portables are also an extremely significant cause of false fire alarm activations due to their remote locations from the main building, their age, and their underground wiring.
