

Background Information: The Instructional Materials Division of the State Department of Education anticipates allocations to fund fully the subject areas up for adoption in the 2018-2019 school year. Selected materials will be placed in schools beginning August 2018. Recommendations are currently being made to support identified areas of **Science and Foreign Language**.

All materials for this adoption went through the state public review process prior to consideration. The district adoption committee was comprised of teachers, administrators, ESOL teachers, and a parent. School-level representatives were instructed to vote based on input from all appropriate teachers in their schools.

Based on the recommendation of the district adoption committees, the following materials have been selected for use as described below:

Science

Physics 1 CP: Glencoe Physics: Principles and Problems McGraw-Hill School Education

Physics 1 Honors: HMH Physics Houghton Mifflin Harcourt Publishing Company

Physics 2 CP: College Physics, AP edition, 1st Edition Pearson Education, Inc., publishing as Prentice Hall
